How to Send Database to PT-E850TKW by Mobile Device (Windows® only)

Preparation

- 1. Install P-touch Editor and the printer driver to your computer.
- 2. Install Mobile Transfer Express to your mobile device.
- 3. Disconnect PT-E850TKW from your computer.

Outline procedure

- 1. Create a .blf file.
- 2. Send the .blf file to your mobile device by email or cloud service.
- 3. Transfer the .blf file to PT-E850TKW by Mobile Transfer Express.

Detailed Procedure

1. Create a .blf file

1) Start P-touch Editor and select PT-E850TKW as a printer.

2) Make a text box with any words.

Drag and drop your database file to the P-touch Editor to connect the database.

3) Click [Next].

4) Click [Next].

5) Select [File] - [Transfer Template] - [Transfer...].
