# Unparalleled *Professional Embroidering*

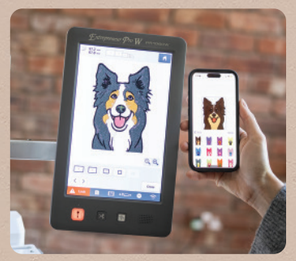

Take your creative visions and intricate textile art steps ahead with Brother's PR1060W combining class-leading features with professional production speed. Whether you are a seasoned home-business embroiderer ramping up production, or aspiring to start your first commission, Brother's PR1060W is a professional embroidery machine designed to give you a boost in every venture.

### EASY POSITIONING

Position your designs with confidence.

The built-in camera lets you capture the fabric and intuitively adjust placement directly from the LCD.

### WIRELESS LAN

Transfer your embroidery data and designs from your laptop or mobile devices seamlessly. Embroidery status can also be checked in real time on the go, increasing workflow efficiency.

### TUTORIAL VIDEOS

Helpful tutorial videos are available for every model, so you'll never feel stuck when learning to use the machine or troubleshooting.

Scan the QR code on the LCD to watch tutorials on your mobile device, allowing you to follow along while operating the machine.

# The *Flagship* - PR1060W

## NEXT LEVEL EMBROIDERY MADE SIMPLE

Designed with user-friendliness in mind. If you're looking for an optimal workflow with multiple features to boost productivity, the PR1060W is the one for you!

### BUILT-IN EMBROIDERY DESIGNS

The PR1060W comes with an extensive library of ready-to-use patterns and fonts, so you can start your business right away.

**1,280 designs & 50+ 3D fonts**

### GENEROUS EMBROIDERY AREA

The embroidery area is large enough to accommodate the back of a jacket, delivering consistent, high-quality stitching even at larger sizes.

**360mm x 200mm**

### SECURITY LOCK MODES

The security lock modes prevent unauthorised operation and unwanted changes to settings in stores, while at home it prevents accidental usage by children which could lead to injury.

### MATRIX COPY

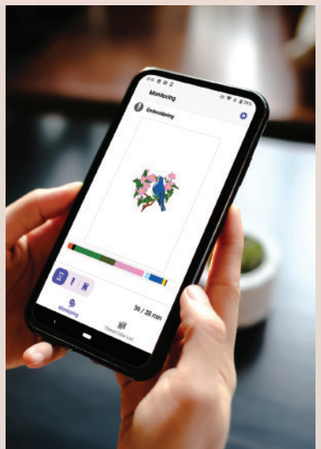

The PR1060W features an automatic duplication function that fits multiple embroidery patches to the size of your preferred hoop.

# Support for Your *Business Options*

### AUTO NEEDLE THREADER

The PR1060W comes equipped with an auto needle threader, giving you stress-free thread changes with less downtime.

### MY STITCH MONITOR

By connecting your PR1060W to the same Wi-Fi network, you can monitor progress in real time through the app as you step away from the machine for other business tasks.

### FAST SEWING SPEED IN A COMPACT SIZE

The PR1060W delivers up to 1,000 spm, giving you industrial-level speed in a space-saving design.
